## About Us

**YAĞCI MAKİNA**

Our company was established in 1997 and operated in olive and olive oil production until 2012. After 2012, we had specialized in industrial drying for olive pomace and started this field of expertise with two separate R&D projects supported by TÜBİTAK and KOSGEB in 2012, which are among the leading R&D units in Turkey. According of R&D projects results we had succeed to dry % 75 humidity 2 phase olive pomace to %10 percent in our first customer factory.
